This precious cream, rich in active ingredients has a high regenerating power and anti-ageing action, thanks to synergy between the 23 carats gold, the hyaluronic acid and the caviar extract. Its velvety caress relaxes the features and smoothes the skin while helping to restore its youth.

Cette crème précieuse comporte de puissant actifs pour combattre les rides. Cette action est due à la synergie entre l'or 23 carats, l'acide hyaluronique et l'extrait de caviar. La touche soyeuse de la crème épouse la peau et l'adoucit en l'aidant à retrouver sa jeunesse.

Gold, Hyaluronic acid, Pearl and Caviar

Gold (23 carats) is well know for the skin healing process: for restoring the lost elasticity of the tissues, stimulating cellular growth of the basal layer to regenerate healthy, firm skin cells. It provides a tightening effect for a young & radiant looking skin.
L'or à 23 carats est réputé pour ses propriétés anti-âge : il améliore l'élasticité du tissu cutané, active la synthese de collagène, stimule le renouvellement cellulaire afin que la peau retrouve un éclat incomparable

Hyaluronic acid is one of the strongest anti-wrinkle agent. It is very important to maintain the level of Hyaluronic acid because this compound is involved in tissue repair helping the cell regeneration.
L'acide hyaluronique est l'un des agents anti-ride les plus puissants. Cet actif est impliqué dans le processus de réparation des tissus et de la régénération cellulaire.

Caviar Extract is very rich in vitamins A, D, B , trace elements as well as amino acids. Those ingredients intensify the metabolism of the skin cells.
L'extrait de caviar est très riche en vitamines A, D, B et et micronutriments. Ils vont permettre de d'intensifier le métabolisme cellulaire.

Different Studies show that **Pearl** nacre extracts contain actives which have efficient effects on skin: they stimulate the production of specifical growth factor which activate the cutaneous functions. Skin can find its tonus,elasticity and brightness back.
Selon des études, des extraits de nacre de perle permettent de stimuler des facteurs de croissance cutané, la peau retrouvant ainsi son tonus et son élasticité.
