Lessonia, a key actor for SPA products innovation

Lessonia provides more than a simple adaptation to your needs as we offer full customized services and products.

We encourage co-creation with our clients to ensure maximum satisfaction that leads to maximum sales.

Thanks to its expertise in natural raw materials for the cosmetic industry (exfoliators, natural pigments, seaweeds, extracts), Lessonia became one of the major OEM company offering SPA products.

We offer a large range of scrubs, wraps, massage products and bathing products.
Lessonia is now going on the white cosmetic market and is especially with organic cosmetic products.
