CRANBERRY DECLINED IN SPA FACIAL MASKS FOR COSMETICS BRANDS

OEM only

Announced for Spring 2005, here are **the first four cranberry-based anti-ageing skincare**s proposed by Lessonia: **a complete palette of Spa cranberry-based facial products dedicated to cosmetics OEM.**

CRANBERRY CREAM MASK

- A **rich texture** for a powerful **rejuvenating action**
- A ready-to-use cream gel for **retail and professional use**
- A **rinse-off mask** easy to use

CRANBERRY POWDERY MASK

- A **100% natural and very fine powder** to be mixed with water
- A highly technical and **professional mask dedicated to the cabin treatments**
- Features are refined; **neck and bust's application** as well for a firming action

In partnership with *Technature*

CRANBERRY PEEL-OFF MASK

- A **professional and accurate gesture**
- A **magic feeling of cleanness**
- An immediate visual effect: **complexion is glowing**

CRANBERRY HEATING MASK

- A **massage heating mask**
- **Exfoliant** cranberry seeds for **purifying**
- For **retail or professional use**

These Spa cares are the newcomers of our cranberry range born with **Microzest Cranberry**, **Cranberry Exfoliator** and **Cranberry glycolic extract**, all Spa ingredients easily used in any cosmetic formulations.

Lessonia becomes also the first company capitalizing on this emerging plant in cosmetics rich in **active properties** : **anti-oxidant**, **anti-microbic** and **moisturizer**.

Lessonia is the main French Spa products manufacturer specialized in the **micronization's process** of **seaweed**, **spices** and **plants** from all over the world (ginger, cocoa, grape, citrus, cranberry...) designed to **innovative SPA treatments**.
