

# Cranberry EXFOLIATOR

actifs exfoliants naturels

*A rich exfoliant powder adapted to any formulation types*

*Cranberries grow under harsh climatic conditions in Canada and Finland.*

## A distinctive red hue powder easily used in all the formulations

Cranberry Exfoliator is a fine powder that is obtained from natural cranberry seeds. This powder is very stable and adapted to any formulation type (cream, gel, paste, powder, soap bars). According to the particle's size, the exfoliation process will be more or less powerful.

## Une poudre d'un rouge exceptionnel adaptée à toutes les textures

Cranberry Exfoliator se présente sous la forme d'une poudre finement calibrée obtenue à partir des pépins de Cranberry. La poudre est d'une grande stabilité adaptée aux diverses textures (crème, gel, pâtes, poudres, savons). Selon la taille des particules, l'exfoliation est plus ou moins énergique.

## Powerful anti-oxidant and anti-microbic activities

Subjected to rigorous climatic conditions, cranberries synthesize effective ingredients, enhancing skin protection. Polyphenols and tocotrienols act as synergy for a powerful anti-ageing effect, while  $\omega 3$  and  $\omega 6$  fatty acids reinforce the skin hydro-lipidic film. The cranberry pulp is also rich in tannins inhibiting bacteria' development.

## Activités anti-oxydante et anti-bactérienne puissantes

Soumises à des conditions climatiques rigoureuses, les cranberries synthétisent des actifs protecteurs. Polyphénols et tocotriénols agissent en synergie pour un puissant effet anti-âge, tandis que les acides gras  $\omega 3$  et  $\omega 6$  renforcent le film hydro-lipidique de surface. La pulpe de cranberries est aussi riche en tanins qui inhibent la croissance bactérienne.

## 3 kinds of exfoliation

Cranberry Exfoliator is available in different sizes so as to be integrated in various projects.

*Selon le projet, Cranberry Exfoliator est disponible sous différentes fractions granulométriques.*

**Cranberry Exfoliator 2000 (G54)**  
Strong exfoliation-“Akenes”  
*Exfoliation énergique-“Akènes”*

**Cranberry Exfoliator 1000 (G53)**  
Body exfoliation  
*Exfoliation corporelle*

**Cranberry Exfoliator 500 (G52)**  
Face & Body exfoliation  
*Produits visage et corps*

**A palette of 25 colours and scents designed for the current cosmetic nuances.**

## Technical sheet

Presentation	Powder (for a COSMETIC use only)
Colour	Red
Fragrance	Light
INCI	VACCINIUM MACROCARPON SEED POWDER
CTFA	VACCINIUM MACROCARPON (CRANBERRY) SEED POWDER
CAS / EINECS	91770-88-6 / 294-875-8
Microbiology	<100 cfu/g
Packaging	10-kg drum
Shelf-life	24 months
Item codes	G52-G53-G54
