SLIMMING SCRUB

This ultra-fresh transparent gel vigorously rubs onto the skin to stimulate the elimination of toxins, smooth the skin and prepare it for treatment.

Fresh and invigorating, it gives you a boost to effectively initiate the slimming treatment.

To be used at the beginning of each process or at home once a week.

**Exfoliating Pearl**
Balanced powder of pearl

**Vectorised Caffeine**

---

MASSAGE & SLIMMING CREAM

This green almond slimming cream is applied morning and evening to release its vectorised caffeine into the heart of cells. Its double slimming action is thanks to green tea, lipolytic, adipocytes which reduce congestion and help to remove toxins. Smooth and non-greasy with a subtle hint of Shea Butter, it leaves a light protective coating on the skin, silky and fresh.

Use daily for 2 weeks.

**Vectorised Caffeine**
Long-lasting lipolytic action

**Green Tea**
Lipogenesis inhibitor

**Shea Butter**
Skin elasticity protector
**ANTI-CELLULITE GEL**

This high level caffeine gel penetrate quickly inside the skin thanks to its hydro-alcoholic formulation. Light and non greasy, you can apply it morning and evening during the begining of the treatment or for modeling before a slimming body wrap.

*Pure Caffeine (4%)*
*Powerful lipolytic active ingredients*

*<i>Laminaria digitata extract</i>*
Detoxifying, draining

---

**FRESH LEGS GEL**

This ultra-fresh gel cream is concentrated with veinotonic active and stimulating ingredients to remove toxins, reduce swelling and lighten legs. From the first application, legs will feel relieved. After several days, they will be totally relaxed and soothed.

*<i>Menthol</i>*
Freshness, vasoconstrictor

*<i>Laminaria digitata extract</i>*
Detoxifying, draining

*<i>Red vine</i>*
Veinotonic, veino-protector

**Ask for the Modelling Slimming Technique**

To enhance the effectiveness of the Slimming Cream, discover the professional application technique.

Morning and evening during the attack period (Phase 1 of the slimming treatment)
SLIMMING PROTOCOL SUGGESTION

**STIMULATE AND PREPARE THE SKIN FOR TREATMENT**

*with the Slimming Scrub*

Massage into the skin using circular movements to activate the micro circulation, eliminate toxins and smooth the skin.

**SHAPE AND REFINE THE BODY AREA TO AREA**

*muscle toning using the Slimming Cream*

Pay close attention to massage areas with circular massage movements to loosen and soften the cellulite. Ideally, continue with a Slim-Peel Body Wrap to allow the active ingredients to absorb into the skin.

**STABILISE THE SLIMMING TREATMENT RESULTS**

*by massaging the active Anti-cellulite Gel onto stubborn areas.*
